*Empowering Communities.
Changing Lives.*

We would be honored if you attend what will be a celebration of the renovation and reopening of this cornerstone of the historic King-Lincoln district and the impact its purpose will have on our Columbus community.

This center is a 6,500 square-foot facility which will house My Brother's Closet, a suiting boutique for men, KEWL (Kids Empowered Will Learn) Academy digital learning laboratory and the Minority Business Assistance Center (MBAC).

Built in 1930, this historic site in the heart of the King-Lincoln district housed retail shops and apartments. It was empty and in disrepair when Columbus Urban League acquired it in 2012. Its renovation is a testament to Columbus Urban League's commitment to its stand for economic mobility and to the individuals and families it serves. Your support is most significant and we look forward to also celebrating the generosity of our many partners during this community event.
